

EXPRESS DELIVERY OPERATIVE

Reference Number: ST0103

Details of standard

Occupation: Express Delivery Operative, **Level:** 2, **Programme duration:** The apprenticeship will take a minimum of 12 months to complete*.

Role: The dramatic growth of internet shopping and the use of portable ICT devices have transformed the occupations involved in express delivery services. Using world class equipment and software to provide timed deliveries and collections to homes and businesses; postal workers, couriers and express delivery drivers have a high level of individual responsibility for their working day and delivery route. They may be on foot using trolleys or required to use a vehicle such as a pedal cycle, motorbike, van or lorry. They are an ambassador for the industry, their brand and the goods they carry. They provide a high level of customer service which may include real time tracking of deliveries or the installation of electrical and other goods. They maintain excellent communication throughout the delivery chain from collection to delivery point and dealing correctly with failed deliveries and returns. All Apprentices are required to gain and maintain all of the knowledge set out in this Standard, irrespective of their current or initial job role and duties.

	Knowledge and Understanding (Know it)	Skills (Show it)	Behaviours (Live it)
Technical Operations	Range of express delivery services offered to domestic and business customers; concept of 'the last mile', deliveries of all types of goods, care of perishable items, collections and returns across multiple brands, services, concept of reverse logistics	Deliver goods to customer premises; load and unload goods in a safe way that ensures the safety and condition of the goods and correctly relates to the delivery schedule	Acts as a company ambassador Shows pride in work: integrity, aims for excellence, time management Engages positively with colleagues and clients Strives to improve service quality
	Learn and maintain UK geographic and	Plan and track progress against a schedule, using equipment where required e.g. scheduling software,	Is proactive in working with colleagues to resolve

<p>local road network knowledge to plan and check routes. Road map reading, use of satellite navigation and postcodes to locate addresses</p> <p>Brand presentation related to delivery transport, uniform and sender especially where multiple brands are carried</p> <p>Operating policies and instructions relating to click and collect drop points, collections and returns. Progression

On completion of this Standard, express delivery service apprentices may progress to more senior duties. These may involve supervising, team leading, training or mentoring colleagues or to senior express delivery management roles through further apprenticeships or

degree apprenticeships. They may also become self-employed courier drivers which may lead them to create and manage a business and employ others or may move into operational and management roles related to the manual or automated sortation of goods and packages.

Entry Requirements

Individual employers will set the selection criteria for their Apprenticeships.

Qualifications

Apprentices without Level 1 English and Maths will need to achieve this level and take the test for Level 2 English and Maths prior to taking the end point assessment.

Recognition

This Apprenticeship is supported by the Institute of Couriers (IOC) and Apprentices will automatically be eligible for Associate Membership of this industry professional body as the programme will provide sufficient knowledge and sector experience to satisfy the requirements for IOC entry.

Review

The Standard will be reviewed after 3 years
